

## **"Drawing is the basis of all art" Chistyakov The Academy places much emphasis on the academic**

Drawing is the basis of any art Chistyakov The Academy places much emphasis on the academic drawing. From the first steps of learning students copy in the Museum of the Academy, drawings by old masters. It teaches them the culture of owning art materials pencil, charcoal and sanguine. hones knowledge of the technique of execution drawing. At the same time the students were working in a plaster and painting class studying the form of the great examples of classical art. Only after the gypsum of class, students are transferred to the drawing from life, a live model at the beginning of the human head then the head with the shoulder of the torso and limbs of a human figure. During the summer practices, students work in the Museum of plaster casts of the Academy of Arts in St. Petersburg are studying and draw the urban landscape and make drawings and sketches of wildlife. Focusing in his work on the great artists Michelangelo Rubens Ivanov, Shishkin, Repin and other representatives of domestic and European schools of High Realism. Head of the Department Sidorov Nikolay Pavlovich Professor, Department of academic drawing corresponding member of the Russian Academy of ARTS. 1 COURSE. 2 year. 3
