

## The history of our Institute

Comuni Куда125212 G. Mosquito 125212 traveler 206 1992 - Foundation of the Academy 1995-1999 - the first period of activity c 2000 - current stage of development Growth and development in the 2000-ies The opening of the Association of leading universities of the country in 2016 year The initiative for the creation of the Academy made a number of large financial - industrial structures. The Academy was created with the aim of creating conditions for improvement of knowledge and skills of entrepreneurs learning new skills to work in the system of market relations - as referred to in the signed September 11, 1992 the Decree of the President of Russia B. N. Yeltsin. Instrumental in creating the International Academy of business became the role of Vladimir Ivanovich Shcherbakov became irremovable Chairman of the Board of Trustees of the map and then AMI. This period includes the receipt of the first license and the inclusion map in the list of accredited higher educational institutions of the Russian Federation. The dynamic development of the system of regional structural subdivisions - branches and representative offices. International Academy of business receives according to the then existing rules, the possibility to privatize the property complex. The Academy focuses strong faculty formed graduate school implemented the publishing and research programs. One of the priorities of its activities is the training and retraining of personnel for various sectors of the economy and human life. By the end of this period, the confluence of different kinds of circumstances and also unfair if you do not speak stronger than the activity of the management of the Academy has led to a situation of actual pause of map for a long term re-privatization of the property complex of the collapse of the regional system of loss of the student contingent teaching staff and the library collection. The archive map is restored to this day. The Academy has survived thanks to the efforts of the Board of Trustees of the principled position of some of the workers it is the parent organization of branches and representative offices. In 2000 the rector of the IAP was elected doctor of economic Sciences, Professor Y. A. Tropin. His appointment began the process of restoring the Academy was granted a new license and passed state accreditation open training for new professions newly formed faculty formed a new management team. In 2003 took place the first after a long break and graduation of students. Also since 2003, began the restoration of regional and international networks of branches and representative offices. Since October 2004, rector of the map then AMI
